

Report For Week Ending 31 December 1957
From
Records Center

Because of the Christmas and New Year Holiday, the accessioning, reference, and disposition activity has been at a minimum. The only statistical change from last weeks report is in Total Holdings of Records which is 25070 cubic feet. This was brought about by the disposal of 103 cubic feet of holdings from the Logistics Office.

has completed the pouring of the concrete floors and roof. The masonry and sheet-metal work is now underway.
